

FOAM-LINE

"LONG LASTING CONCENTRATE"

- Never worry about losing your mark, even on hot and dry days!
- Lasts 2 to 3 times longer than other brands
- Not affected by freezing
- Superior results in nearly all foam marker systems

PRINCIPLE FUNCTIONING AGENTS:

Anionic Surfactants and Butanol

TOTAL Principal Functioning Agents.....100%

Constituents ineffective as a spray adjuvant.....0%

Exempt from tolerance under EPA 40 CFR 180.1001 (d).

DIRECTIONS FOR USE:

Add 1-2 pints per 10 gallons of water and mix well.

- Mixed at 2 pints, FOAM-LINE will stay right on top of the foliage and will not break apart even at high speeds.
- Add 1 pint FOAM-LINE plus 1 pint DURAFoAM per 10 gallons of water for a mark that will last longer than FOAM-LINE alone!

CAUTION: CAUSES EYE IRRITATION

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use, storage or handling of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. The risks include, but are not limited to damage to plants, crops and animals to which the material is applied, failure to control pests, damage caused by drift to other plants or crops, and personal injury.
